BIG GREEK DAY OF SERVICE

The BIG Greek Day of Service will be a great way for us as Greeks to come together and share in helping to make a difference in our community. Your members will be able to register for community service projects on iServe through the Center for Service and Learning. It is important that members of your chapter diversify their experiences by signing up for whichever project they personally prefer. We want to promote that your chapter members all do different projects so they can interact with members of other chapters to promote the unity of our Greek community. Service projects will be either within walking distance, or transportation will be provided to get your members to and from their community service site.

More details TBA.
